

AFGHAN FAMILY RESETTLEMENT: TEAM RUBICON'S SUPPORT AND NEEDS

Starting Monday, August 30, Team Rubicon will be managing all donated goods, setting up logistics at donation receiving centers, and where requested, providing site management and logistics support.

We're focused on meeting immediate needs in locations identified by the Department of State and the Department of Defense. These locations include:

- **Indiana** – Camp Atterbury
- **New Mexico** – Dona Ana Range / Holloman Air Force Base
- **New Mexico / Texas** – Fort Bliss
- **New Jersey** – Joint Base McGuire-Dix-Lakehurst
- **Virginia** – Fort Pickett
- **Virginia** – Quantico
- **Wisconsin** – Volk Field & Fort McCoy

Team Rubicon will also assist in managing coordination efforts at the following location, which will include site management, staff supervision, and logistics support:

- **Virginia** – Dulles Airport

70% of Team Rubicon's volunteers are veterans, many of whom served in Afghanistan. This is a deeply personal mission for our volunteers to support the Afghan allies that worked shoulder-to-shoulder with them overseas.

HOW YOU CAN HELP:

DONATE DIRECTLY TO TEAM RUBICON: All donations go towards our Ready Reserve Fund which allows Team Rubicon to quickly respond for vulnerable communities, like the Afghan families resettling in the US: trusa.co/resettlement

PROVIDE (NEW) DONATED GOODS: Please see the next page for a list of new items needed at resettlement sites. For up-to-date information on shipping and drop-off locations, please email resettlementsupport@teamrubiconusa.org.

VOLUNTEER: If you are not a registered Greyshirt (i.e. a Team Rubicon volunteer), you can sign up at rolldial.teamrubiconusa.org and provide your availability to volunteer at any of the resettlement sites.
